# Select Program Coach Commitment Agreement

---

The Placerville area Soccer Clubs are committed to growing and improving our Select Division teams. This can not be accomplished with-out the commitment from coaches, parents and players.

Select teams will and must travel. You can travel anywhere within the CYSA District VI boundaries, so it is very likely you will travel to locations a few hours away from Placerville. How far your team travels is dependent on two factors. The first is which tournaments the coach signs up for. The second is which teams you will play according to seeding. The CYSA District VI includes the following twelve counties: [Butte](#), [Colusa](#), [El Dorado](#), [Glenn](#), [Nevada](#), [Placer](#), [Sacramento](#), [Sierra](#), [Solano](#) (except cities of Benicia, Vallejo), [Sutter](#), [Yuba](#), [Yolo](#).

You will most likely incur costs associated with traveling. Some of these costs may be offset by donations made to your team.

Division III CYSA Select teams have an obligation to play all scheduled games. Games that are missed (for any reason) are to be rescheduled at the earliest convenience. This is VERY important as Select team's record of wins & losses are used to "seed" the team for tournaments and serve as a guide for Group designations for the second half of the season as well as seeding in the following season. The importance of teams to play games as scheduled cannot be emphasized enough, and CYSA rules are quite specific (and harsh) in dealing with teams that forfeit a game for ANY reason. Repercussions can and will affect the Coach, all team members and will reflect poorly upon our Select program at large, and possibly even affect our other Select teams. CYSA ruling committees can bar a team from tournaments and even petition forced sabbaticals upon coaches and players alike for the following season of play.

Please sign below acknowledging that you are committed to making sure your team plays all scheduled games.

Your signature below also acknowledges that you agree to run tryouts for your team as instructed by the Select Coordinator, and that you understand that if you do not run tryouts as instructed by the Select Coordinator, then the Select Coordinator may revoke your coaching position.
